 - Learn how to effectively discuss a career path with an employee and help them understand the steps they need to take.
- Learn how to project plan by putting people in the right places to create the best results.

Audience

Effective Talent Management is something that all businesses need to understand to grow and move forward. You always need a plan B and a successor in case something unexpected happens. That's why this course suits anyone within a business your direct line manages, or performance manages staff. But it's most relevant to:

- HR professionals
- Hiring Managers
- Recruitment Agents
- Talent Management Specialists
 - Workforce Planners
 - Succession Planners
- Direct Line Managers
 - Directors
- Senior Management
 - Strategic Planners
- HR Business Partners
- Expansion Initiators

Training Methodology

This Talent Management course will focus on providing practical projects and insightful presentations to allow professionals to understand the depth and importance of hiring and managing people effectively.

Participants can enact real-life scenarios and conduct group discussions regarding the recruitment process and succession planning to develop a complete understanding of what works and what doesn't.

The training leader will run fun and interactive sessions providing essential knowledge and fun exercises to cater to all learning styles.

Summary

Talent management is essential to any thriving and growing business. You need to attract suitable candidates for each role and ensure they have the skills and knowledge to move forward.

To maintain your success, you will need to develop a highly skilled workforce proficient in their area and use their natural abilities to increase staff retention and support within the business.

This course is focused on finding the right people for the right roles in the real world using HR planning techniques, proper performance management, succession planning, and rewards-based systems.
