

Effective Project Teamwork and Collaboration

Duration: 5 Days

Language: en

Course Code: PO4-111

Objective

:Upon completion of this course, participants will be able to

- Evaluate innovative and collaborative teams' key features and benefits and create conducive environments for their success.
 - Identify strategies for fostering an environment conducive to innovation and collaboration.
 - Develop shared purposes and objectives within project teams.
- Implement management practices to inspire and support innovation, collaboration, and excellence.
 - Differentiate between projects and routine business operations.
- Understand project roles, responsibilities, and the characteristics of effective teams.
 - Enhance awareness of preferred team player styles.
- Apply principles and behaviours of effective management within project teams.
 - Recognise the importance of effective team communication.
- Identify and manage conflicts using resolution techniques and feedback.
 - Utilise planning tools in project planning sessions.
 - Participate in risk assessment and planning sessions.
- Employ creative thinking techniques to enhance problem-solving.
- Engage in lessons-learned activities to improve future project performance.

Audience

:This course suits a wide range of professionals, including

- Leaders and managers responsible for team performance or skill development.
- HR and Learning and Development professionals focused on organisational skill enhancement.
- Individuals working within project teams, including Project Professionals, Cost Estimators, Engineers, Designers, and Project Office Staff.

Training Methodology

This course utilises a blend of interactive lectures, hands-on activities, group discussions, and practical exercises to ensure a comprehensive understanding and application of the material. Participants will engage in case studies and real-world scenarios to relate theoretical concepts to actual project environments. The course will incorporate the use of role-playing and team-building exercises to illustrate the dynamics of effective teamwork and leadership. Continuous feedback and reflection sessions will be integrated to reinforce learning and encourage personal and professional growth. This methodology aims to create an immersive and collaborative learning experience, enabling participants to develop the skills needed to foster innovation, enhance team performance, and drive successful project outcomes.

Summary

Successful corporations thrive on competent teamwork, especially in today's dynamic business environment. This course delves into the advantages of fostering innovative and collaborative teams, highlighting the crucial role of the right people, clear objectives, efficient processes, and effective leadership in achieving high performance. By fostering a culture of innovation and collaboration, organisations can gain a competitive edge, enhance

motivation and engagement, develop talent, and elevate team and organisational
.performance
