

# Digital Transformation in Retail and Omnichannel Strategy

**Duration:** 5 Days

**Language:** en

**Course Code:** IND09-108

## Objective

:Participants will

- .Understand the key drivers of digital transformation in the retail sector •
- .Learn to design and implement effective omnichannel strategies •
- .Use customer data and analytics for strategic decision-making •
- .Integrate digital platforms for seamless customer experiences •
  - .Improve inventory visibility and supply chain agility •
  - .Leverage automation, AI, and mobile tech to boost efficiency •
- .Measure ROI from digital initiatives and track omnichannel performance •
- .Adapt to future retail trends and emerging consumer behaviours •

## Audience

:This course is Ideal for

- .Retail executives and managers •
- .E-commerce and digital transformation leaders •
- .Marketing and customer experience teams •
- .Operations and logistics managers •

- .IT and retail technology professionals •
- .Entrepreneurs and business developers in the retail sector •

## Training Methodology

This course features a mix of interactive lectures, group case studies, digital platform demos, and role-playing exercises. Participants will analyse real omnichannel journeys, design customer engagement strategies, and simulate decision-making using retail data tools

## Summary

As consumer expectations rise and technology reshapes buying behaviour, retail businesses must embrace digital transformation to remain competitive. This course empowers retail professionals with the knowledge and strategies needed to navigate the evolving landscape through integrated digital solutions and customer-centric omnichannel approaches

Participants will explore how to leverage data, automation, e-commerce platforms, mobile experiences, and customer analytics to enhance operational efficiency and elevate the retail experience. The course also focuses on developing unified commerce strategies that blend in-store, online, and mobile touchpoints seamlessly—ensuring brand consistency, supply chain responsiveness, and measurable growth. Whether your organisation is starting its transformation journey or looking to refine its digital strategy, this course provides a practical roadmap for retail innovation
